

FULL STACK DEVELOPER

Mumbai, Maharashtra | thormothe.abhishek@gmail.com | +918369098056 | linkedin/

thormotheabhishek abhi2k4

SUMMARY

Final-year Computer Engineering student with experience in full-stack development, AI integration, and data analysis. Proficient in React, Node.js, Python, and Django. Skilled in building scalable, impactful software solutions through internships and academic projects.

EDUCATION

Senior Secondary Education (86.40 %)	Year 2019 - 20
St. Jerome Convent High School	
Higher Secondary Education (66.50 %)	Year 2021 - 22
PACE Junior College of Science	
Bachelor of Computer Engineering (SGPA - 6.87 7.20 8.57 7.13 7.65 7.87)	Year 2022 - 25
AP Shah Institute of Technology, University of Mumbai	

TECHNICAL SKILLS

- Languages: Python (8/10) , Java(6/10) , C(10/10)
- Web Technologies: ReactJS, R Native, Tailwind CSS
- Backend & Databases: Django, FastAPI, MongoDB, Node.js, MySQL
- AI & Data Analysis: Python (Pandas, NumPy, Matplotlib), Gemini AI, MS Excel, PowerBI
- Tools: Git/GitHub, Docker, VS Code, Postman

PROFESSIONAL EXPERIENCE

Software Developer Engineer Intern , Druve Media Pvt Ltd (druvemedia.in)	Aug 2025 - Present
• Built and maintained multiple responsive web applications using React , R Native and NodeJS. • Integration of the backend functionality with the frontend . • Deliver top-notch product design in time.	
Software Developer Engineer Intern , EternIQ Pvt Ltd (eterniq.in)	Jan 2025 - Jun 2025
• Developed and maintained responsive web application using React and Node.js. • Collaborated with cross-functional teams to deliver features on time. • Optimized client-side application performance resulting in 40% faster load times.	

ACADEMIC EXPERIENCE & ACHIEVEMENTS

- **Technical Co-Lead** @ OJUS - Radiance of Euphoria (cultural fest of APSIT)
- **Technical Head** @ HackScript 4.0 (inter-college hackathon of APSIT)
- **Design & Publicity Head** @ Coders Club (founding team)
- **Club Ambassador** @ Data Science & Analytics Club

PROJECTS

Coder's Hub : online community for Coder's Club (operational at my engineering college) [Live Demo](#)

- CodersHub is a comprehensive edutech platform and event management system designed for coding clubs and educational organizations.
- It provides event creation, registration management, and attendance tracking with detailed analytics on participant demographics and verification status.
- Built and deployed a centralized platform for **500+** engineering students to access placement resources.
- Implemented real-time updates and secure authentication with **Supabase**.

FOMO - Fraud Observation & Monitoring Operations

- A system that actively observes, monitors, and flags suspicious or fraudulent activities in real-time, ensuring secure e-commerce transactions and account integrity.
- AI-powered fraud detection system that monitors e-commerce transactions in real time using Django and Gemini AI, identifying suspicious patterns and reducing false positives for improved security.

SAKSHAM Society Management Platform

- A SaaS product built under my tenure as an SDE intern at **Druve Media Pvt Ltd**.
- Designed and developed responsive and attractive dashboards for Society management .
- Integrated API data (using Fast API) from the backend to get displayed on the dashboard.

PRISM – Risk Scoring Model (FastAPI, Streamlit, Gemini AI) [Live Demo](#)

- GenAI-powered real-time risk assessment tool with explainable AI outputs.
- Overcome the drawback of traditional loan approving methodologies by integrating artificial intelligence.

ADDITIONAL INFORMATION

Languages: English - Fluent , Hindi, Marathi (Native)
